

Date Originated: 05/12/06	Revision: A	Revision Date:	Standards No. 500041-XX
Subject: VDO Programmable Tachometer Lamp Replacement Instructions			

Replacing the Wedge Lamp

1. Turn and pull lamp socket to remove it from gauge housing. This may require the use of pliers (see diagram).
2. Pull wedge lamp straight out to remove it from socket.
3. Replace with new lamp.
4. Press lamp socket straight into gauge housing until it snaps into place.
