Optional Manual Override for Electric Actuator

Override Behind Panel
Note that access to valve is required

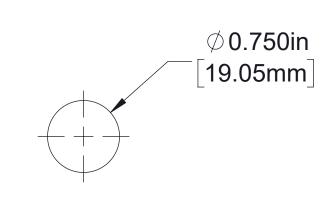

Override On Panel Order part number 82743-4B

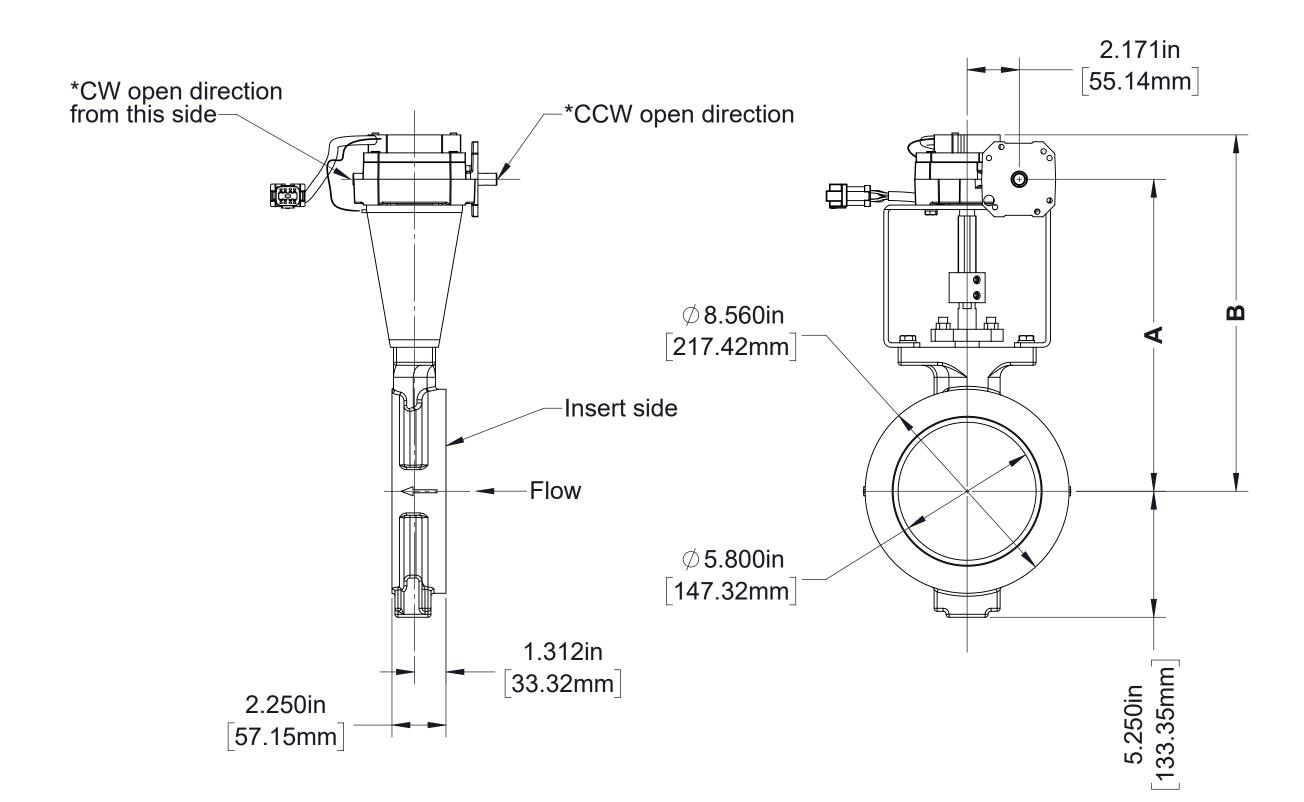

Panel Plate

Note: Plate is a self-adhesive hanging plate

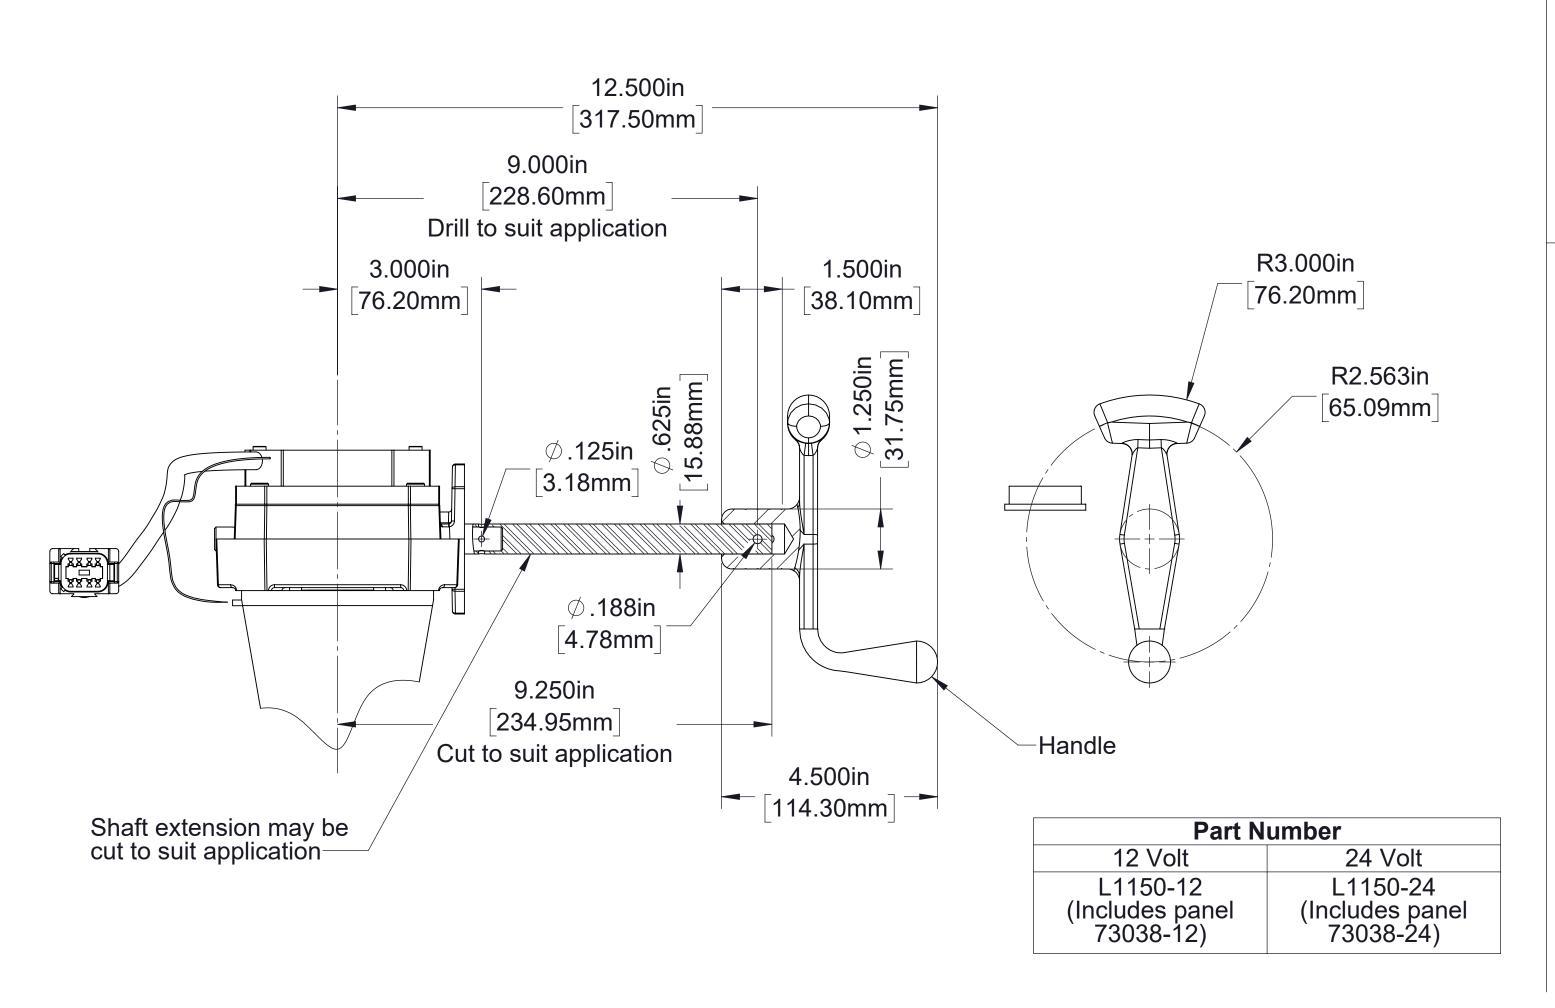

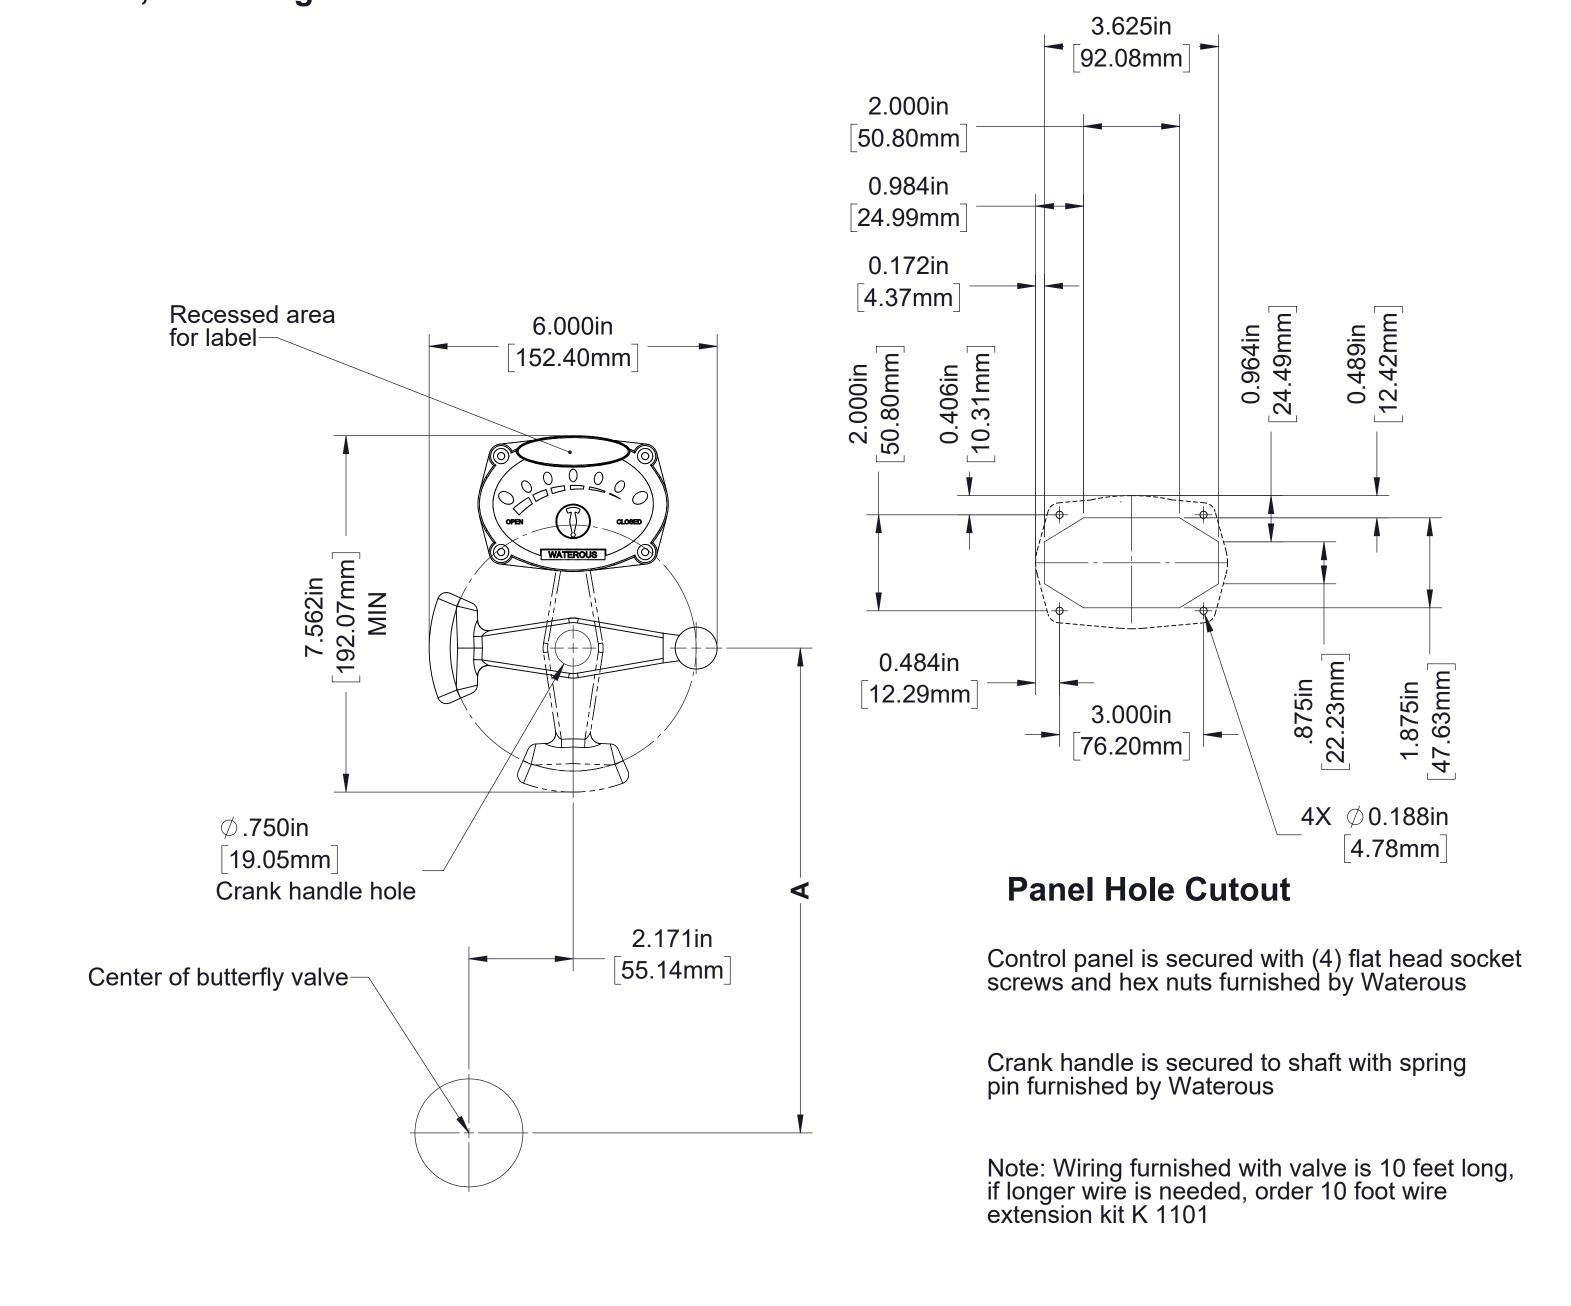

Panel Opening

*Actuator attached to valve as shown at the factory. Actuator may be rotated 180 degrees for opposite actuation.

Manual Actuator, Indicating

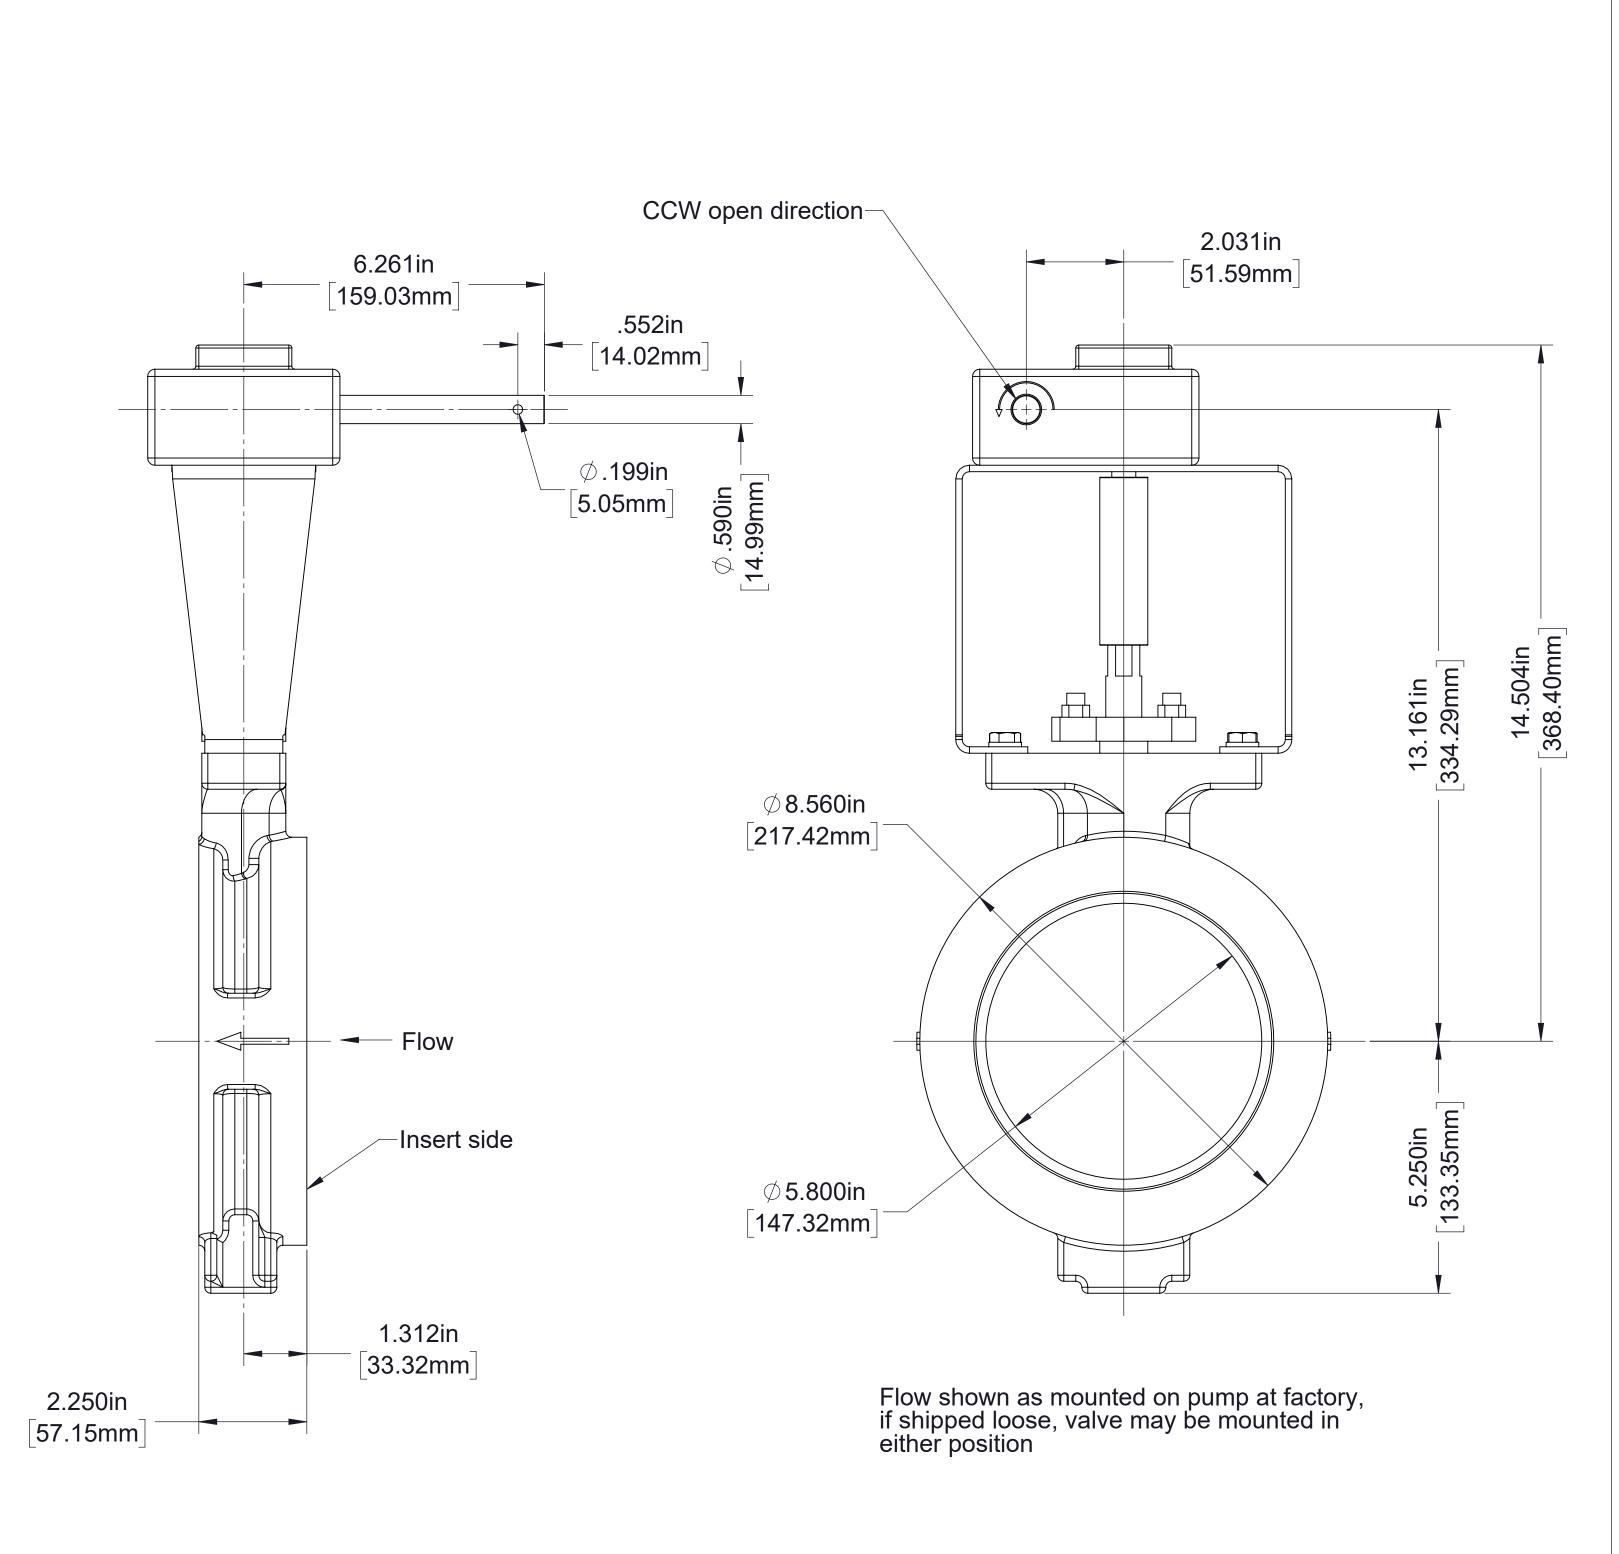

Manual Actuator Control Panel

Order Part Number as Required
